Over 450 models of high voltage power supplies.  
Subcompact design configured for PC board or chassis mount.

- Analog Programmable & DAC Ready
- 0 to +5 VDC Control
- TTL Enable/Disable
- Output Voltage and Output Current Monitors
- Nominal 12V & 24V Input, 9V to 32V Derated
- Output Power from 4 Watts to 250 Watts
- Output Short Circuit and Arc Protection
- Available Stock to 3 Weeks

Output voltages are available in ranges from 0 to 62V through 0 to 40kV.  
Ultra-low ripple is available down to <3mV.
